It's party time

We had a cracking time in Hong Kong !

Thrills and Spills on the Road to Bali

There were exciting finishes on the second day of the playoffs. In the Open Teams **Chinese Taipei** won a hard fought match against Singapore to earn a Bermuda Bowl spot.

In the Ladies Teams the **Philippines** reached the Venice Cup after a thrilling victory over Chinese Taipei. (They could hear the cheers from the VuGraph in the Avenue of Stars!) VuGraph?)

Japan Imax came from behind in the closing deals to defeat Thailand I to secure a place in the d'Orsi Senior Teams.

The winners of the Xiashun APBF Open Pairs were Dawei Chen and Kazuo Furuta.

Dear Hong Kong CBA

On behalf of the Singapore Contract Bridge Association, I would like to extend my warmest gratitude to the HKCBA for the fantastic organisation of the 2013 Asia Pacific Bridge Federation Championships. Our three teams (Open, Ladies & Senior) enjoyed themselves immensely and the entire tournament ran without a flaw.

Best wishes

Jane Choo

Final Countdown

The playoff between China and Chinese Taipei was pretty much decided in the third set by three deals. On Board 8 both teams reached 3NT with ♠Q7 ♥KJ53 ♦AQ98 ♣1063 opposite ♠J8532 ♥A ♦1052 ♣AQJ9. Only China made it for a 10 IMP pick up (it's worth looking at the BBO file, the losing declarer missed a subtle squeeze that would have brought home the contract).

On Board 9 the undisciplined bidding that was a feature of the match saw China gain 11 IMPs. North, holding ♠KQ1075 ♥KJ863 ♦10 ♣42 opened 2♥ and saw his partner raise to 3♥. When his vulnerable opponents reached 3NT (which was cold) he bid 4♥ and lost 1100.

Finally on Board 14 neither team reached the excellent 7♣ with ♠AQ ♥AJ982 ♦86 ♣AK94 facing ♠102 ♥4 ♦AKQJ107 ♣QJ43 (what is more South had bid spades over the 1♦ opening) but China gained 9 IMPs for bidding 6♦ when Chinese Taipei stopped in 4NT at the other table.

Goodbye-ee

A big thank you to Anthony Ching for inviting me to act as Editor of the Bulletin. He made sure I had everything I needed. I really enjoyed the Hong Kong rain - much warmer than the type we get in England.

Christine Law was my fantastic Layout Editor, who somehow managed to smile continuously, despite staying up to the early hours printing the Bulletins for you to read at breakfast.

Our photographer Pin Yuen Wai took thousands of photos - we wish we could have used more of them.

Eliza Chan made sure I had convention cards to help me unravel some of the more obscure auctions.

Lisa Lam kept my Internet connection going and supplied me with the odd bowl of rice.

Shu Hang and his scoring team got results to us like lightning.

I'm off to Ostend now to edit the Bulletins at the European Open Championships. I expect to see you all back here in 2030, which by my calculation is when the Championships will return to Hong Kong!

Every IMP Counts

Japan Imax faced Chinese Taipei in the final round of the Senior teams. It turned out be a low scoring affair, usually the sign of a well contested match.

1♣ 2+♣, 11-21, 12+ if balanced

East might have bid 2♦ over North's double (another idea is to use a redouble to show a high diamond honour, helping partner with their lead, a pass denying an honour) but he was able to double on the next round.

3♣ was a comfortable spot, and declarer took ten tricks for +130, but that cost Chinese Taipei 11 IMPs. If South had reached 3NT I wonder if West might have led the ten of diamonds, which would scupper the contract. Probably not.

I would be happy to overcall INT with the North hand, as it gets the strength over in one bid, but it is to some extent a matter of taste.

North led the ace of hearts and when South played the ten he continued with the king and jack. Declarer won with the queen, played the queen of diamonds, a diamond to the ace and a diamond to the king. He cashed the last diamond and then played a spade to the ten. When the queen fell on the third round he was home, +400.

This time when North led the ace of hearts South played the six. North continued with the king and eight of hearts and declarer won. When he played a club North pounced and cashed out for one down, +50 and 10 IMPs to Chinese Taipei.

In a low scoring encounter Chinese Taipei had won 21-20 - every IMP counts.

The APBF Pairs Championships

Playoff - China v Chinese Taipei Open Teams

Towards the end of a major championship the Bulletin runs into a problem. With time running out and space at a premium how do you cover the final stages of the tournament?

It is not unusual for the last day's play to be neglected completely, (although we made an exception in 2003 when we included coverage of the dramatic deal that decided the 2003 Bermuda Bowl Final between the USA and Italy).

A perennial problem that there is no real answer to is what happens is the boards are dull?

It's not easy to write an exciting account of a 0-0 soccer match and the same is true for bridge. In the first session of the Open Teams playoff between China and Chinese Taipei the players managed to create a fair degree of interest from a dull looking set of deals.

China picked up 6 IMPs when Chinese Taipei stopped short of game with ♠1098 ♥Q963 ♦AQ7 ♣K105 opposite ♠AQJ73 ♥J107 ♦K ♣A972. The opponents could score two hearts and a heart ruff, but the spade king was onside, so 4♠ and 3NT were easy, China scoring +430.

East led the eight of diamonds for the jack, king and ace and declarer returned a diamond. East won with the queen and switched to the four of clubs. West took the ace and switched to the king of spades. Declarer won and played a spade to the ten and queen. he ruffed the club return and tried the king of hearts. East won and played a spade for West to ruff and the queen of hearts was the setting trick, one down and 2 IMPs to China.

There was no rush to play a second spade. If declarer had tried the king of hearts at that point instead eight tricks would have been easily available.

On Board 12 both teams reached 3NT with ♠Q ♥AQJ8 ♦AKQ96 ♣1098 facing ♠764 ♥72 ♦43 ♣AQJ532. When West was declarer North led a spade from ♠K8532 and when South's ace drew the queen the defenders had no trouble taking the first five tricks. At the other table East was the declarer and South led the jack of spades, so the suit was blocked. However, according to the official score declarer went one down. The club and heart finesses were onside and diamond were 3-3, so you could make 6♣.

2♠ Heart raise

It seems unlikely you will make ten tricks opposite a passed partner. West played three rounds of spades and with two aces to come that was two down, -500 and 9 IMPs to China.

With ♠874 ♥10 ♦J943 ♣KQ953 opposite ♠K ♥AKJ53 ♦AK76 ♣AJ2 China reached 6♦. There were no miracles and the contract was two down. Chinese Taipei stopped in 5♣, but trumps were 4-1 and declarer did not find the winning line, going the same two down.

On the next deal, when North (at red) opened 2♥ with ♥K74 ♥Q108742 ♦108 ♣K2 and East overcalled 3♣ South thought it was a good idea to jump to 4♥ holding ♠9863 ♥AK6 ♦J9762 ♣5. West doubled for +500. With no game on for EW that gave Chinese Taipei 9 IMPs.

South led the eight of hearts and declarer ruffed and played the five of spades. When South withheld the queen declarer played the two of diamonds to the five, eight and jack. When South returned the four of diamonds declarer ran it to his queen and played three rounds of trumps. South won and cashed the ace of clubs but declarer had the rest, +790 and 15 IMPs to China.

Having ducked the queen of spades South missed a second chance when he took the first diamond. If he ducks he can cover the next diamond and declarer is snookered.

On the other hand, if declarer had foreseen this possibility he would have played the ten of diamonds from dummy. Now if South ducks declarer ruffs heart, plays two top trumps and then the queen of diamonds, ducking when South covers. He wins the diamond return and plays another diamond, pitching a club. South can ruff but must surrender a club trick.

At the end of this 'dull' session China led 45-31.
